

The new wayfinding solution in creating elegant and “smart” environments with high technology design and providing an optimal flexibility of the products in their applications.

- 1 Post standard profile
- 2 Different standard bases
- Modular and durable
- Can be combined with various panel materials
- Can be combined with illuminated and LED models
- Insertion of large digital prints possible
- Suitable for indoor and outdoor applications
- Ideal for all requests in the signs architecture

Totem profile

A multifunctional post, to create totems of any measure. Can be combined with flat and/or curved profiles, and/or any kind of plate material with a thickness up to 3mm / 0.11".

Standard length: 3500mm / 137.80"
Other lengths on request until 6000mm / 236.22"

TLTEM60-B

Single end cap

Aluminium single end cap for the post TLTEM60.
Thickness: 2mm / 0.08"

Other colours on request.

TLSE60-B

Double end cap

Aluminium end caps.
Thickness: 2mm / 0.08"

Available in 3 standard sizes.

Other sizes/models and colours on request.

TLJEM60/300
TLJEM60/480
TLJEM60/600

Ellipse bases

Steel bases with a metal protection coating (galvanised).
Thickness: 6mm / 0.236"

Available in 3 standard sizes.

Other sizes/models and colours on request.

TLEVM60/300
TLEVM60/480
TLEVM60/600

Lock possibility

The length of the TLB50 (box profile) will determine the distance between the two posts, while the TLSLO will secure perfect fitting to the totem posts.

TLSLO

TLB50-B

Screws

TLSCR4: to fix TLTEM60 post to the steel bases.

TLSCR5: to fix the standard aluminium end caps to the totem.

TLSCR6: to fix TLSV60-B in to the the TLTEM60-B posts.
